

## NIPRO CORPORATION

Established in **1954**

Based in **Japan**

Serving **61** countries

**305** Sales Offices

Over **39,000** Employees

**4** business main segment

- Medical Device Business
- Pharmaceutical Business
- PharmaPackaging Business
- Regenerative Medicine Business

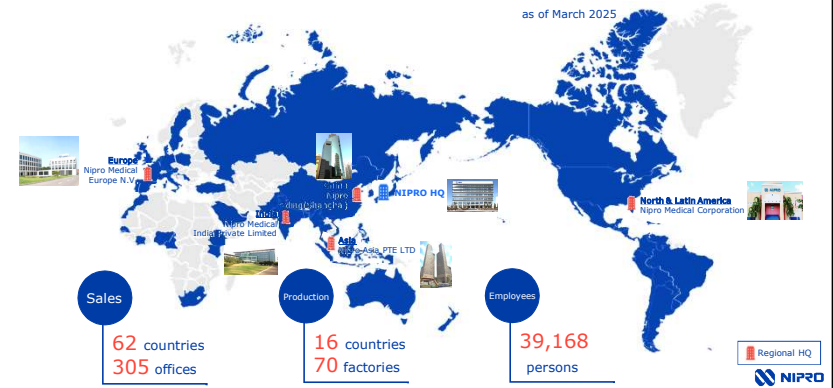

(HQ : Osaka, Japan)

(As of March 2025)

## NIPRO Global Network

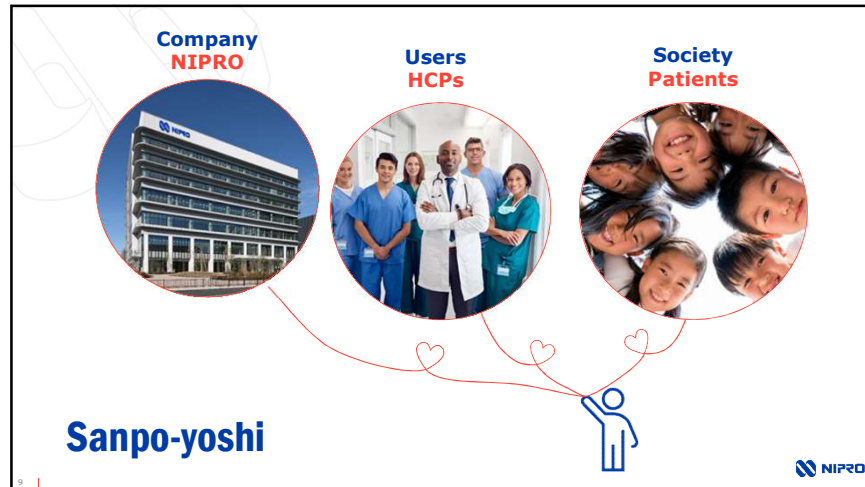

as of March 2025

## Mission of iMEP

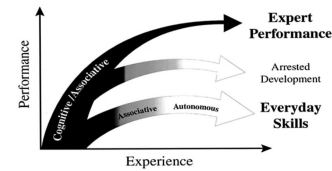

- Provide healthcare providers with educational opportunities to improve **medical knowledge, skill** and **problem-solving ability** through repeated practice of clinical procedures in a safe environment.

### Why become a lifelong learner?

1. Avoid "arrested development" with lifelong, deliberate learning and practice

- Competencies tend to become automated over time
- Without continued learning, development is prematurely arrested

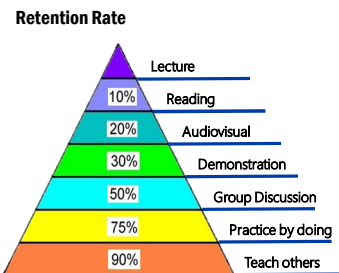

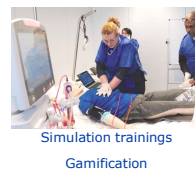

2. Avoid medical errors

3. Avoid missed opportunities

- To exercise new techniques
- For elevated care
- For elevated safety

### BLENDED LEARNING = diverse learning modules

### Nipro Medical Training Centers - iMEP

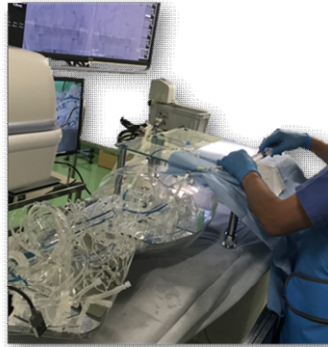

### Intervention Therapy

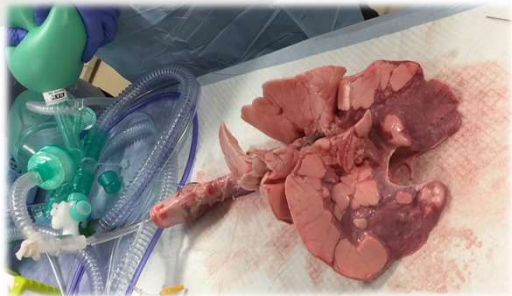

- Percutaneous transluminal angioplasty
- Cardiovascular (PCI)

MEP

### Air Way Management Training

MEP

### Scenario-based Simulation Training

- Integrate **medical** and **non-technical** skills
  - Realistic emergency scenarios in HD
  - Increase your confidence during critical situation
  - Enhance Teamwork and Communication
  - Improve problem-solving ability and decision-making
  - Debriefing
  - Learn from mistakes

MEP
